

HDMI extender over CAT5 with Infrared return

EN Watch and operate your HD Content elsewhere on your TV

- Watch films, look at photographs and listen to music from, for example, your Media Centre PC, Blu-Ray player, game console, set top box or hard-disk recorder on a different TV/projection screen in perfect HD quality.
- Operate your connected A/V equipment remotely via the infrared return signal.
- Wired signal transmission up to 100 metres!
- Optimum price/quality ratio as a result of using CAT5e/CAT6 cabling.
- Retention of Full HD 1080p image and sound quality for up to 60 metres.
- Free from interruption due to solid metal, interference-free housing.
- Very simple to install or add into an unused CAT5 network.

DE Schauen und bedienen Sie Ihren HD-Content anderswo auf Ihrem Fernseher

- Schauen Sie Filme, Fotos und Musikaufnahmen z.B. vom Media Center PC, Blue-Ray-Player, Game- Pult, Settop-Box oder HD-Recorder in optimierter HD Qualität anderswo auf Ihrem TV/Projektionsschirm.
- Nutzen Sie Ihr angeschlossenes A/V Gerät mit dem Infrarot-Retoursignal fernbedient.
- Verkabelte Signalübertragung bis zu 100 Meter!
- Optimales Preis-/Leistungsverhältnis durch CAT5e/CAT6 Kabel-nutzung.
- Bis zu 60 Meter ohne jeglichen Full HD 1080p Bild- und Tonqualitätsverlust.
- Störungsfrei aufgrund des soliden, undurchlässigen Metallge-häuses.
- Sehr einfach in ein ungenutztes CAT5 Netzwerk zu integrieren.

FR Regardez et maniez le contenu numérique HD ailleurs sur votre téléviseur

- Regardez des films, et des photos et écoutez de la musique de votre Media Centre PC, lecteur Blu-ray, console de jeux, set top box ou enregistreur à disque dur ailleurs sur votre téléviseur ou écran de projection en qualité HD parfaite.
- Maniez votre appareil A/V raccordé à distance avec le signal de retour infrarouge.
- Transmission du signal avec fil jusqu'à 100 mètres !
- Rapport prix/qualité optimal par l'utilisation d'un câble CAT5e/CAT6.
- Maintient la qualité Full HD 1080p en image et son jusqu'à 60 mètres.
- Sans perturbation grâce à son encasement solide en métal sans interférence.
- Peut être posé ou placé dans un réseau CAT5 inutilisé.

ES Mirar y manejar el contenido de alta definición (HD) en un televisor en otra habitación

- Mirar películas y fotos o escuchar música del computador centro multimedia, del reproductor DVD Blue-Ray, del game console, del set-top box o del grabador disco duro en perfecta calidad HD en el televisor o en la pantalla de proyección en otra habitación.
- Manejar el aparato A/V conectado a distancia con la señal de vuelta infrarroja.
- Transmisión cableada de la señal ¡hasta 100 metros!
- Óptima relación precio-calidad por el empleo de cables CAT5e/CAT6.
- Perfecta calidad Full HD 1080p de imagen y sonido hasta 60 metros.
- Insensible a interferencias a causa del gabinete sólido de metal.
- Simple instalación en una red CAT5 no utilizada.

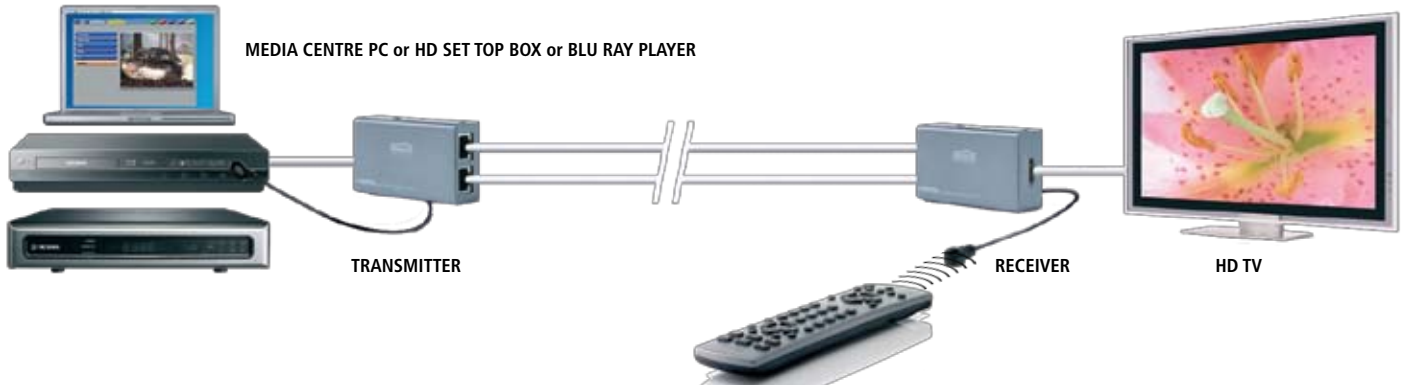

IT Guardare e comandare il vostro contenuto HD altrove sulla vostra TV

- Guardare e ascoltare film, fotografie e musica di p.e. il vostro PC Media Center, lettore Blu-ray, console videogiochi, set top box o registratore hard disk altrove sulla vostra TV/schermo di proiezione in perfetta qualità HD.
- Comandare a distanza il vostro dispositivo A/V tramite il segnale di ritorno a infrarossi.
- Trasferimento cablatto del segnale fino a 100 metri!
- Ottimo rapporto prezzo/qualità grazie all'applicazione dei cavi CAT5e/CAT6.
- Mantenimento della qualità d'immagine e suono Full HD 1080p fino ai 60 metri.
- Senza disturbi grazie all'alloggiamento metallico senza inter-fereenze.
- Molto facile da montare o inserire in una rete CAT5 non utilizzata.

NL Bekijk en bedien uw HD content elders op uw TV

- Bekijk film, foto's en muziek van bv. uw Media Center PC, Blu-ray speler, game console, settopbox of harddisk recorder elders op uw TV/projectiescherm in perfecte HD kwaliteit.
- Bedien uw het aangesloten A/V apparaat op afstand middels het infrarood retourssignaal.
- Bedrade Audio- en Videoverzending tot maar liefst 100 meter!
- Optimale prijs/kwaliteitverhouding door gebruikmaking van CAT5e/CAT6 bekabeling.
- Tot 60 meter behoud van Full HD 1080p beeld- en geluidskwaliteit.
- Storingsvrij door solide metalen interferentievrije behuizing.
- Heel eenvoudig aan te leggen of in te passen in een onbenut CAT5 netwerk.

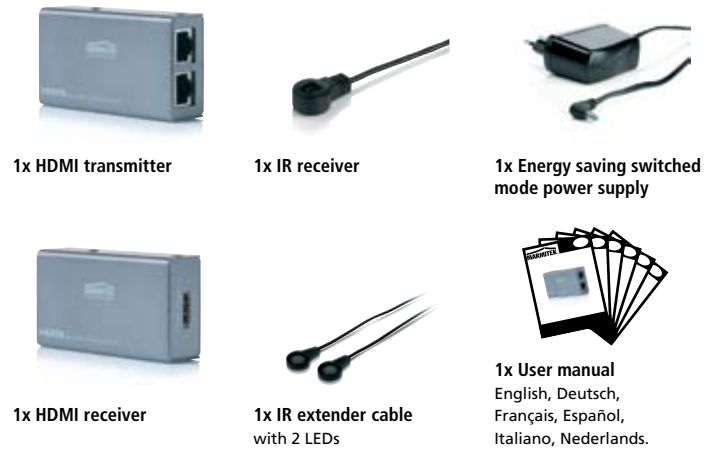

MEDIA CENTRE PC or HD SET TOP BOX or BLU RAY PLAYER

Technical data

Resolution	
Supported HDTV Resolutions	480p, 576i, 576p, 720p, 1080i, 1080p
Single link Bit Rate (max)	1.65 Gbps
Video Data Rate (max)	4.95 Gbps
Supported Standards HDMI	DVI, HDCP
Transmitter	
HDMI input (19-pin female)	1 HDMI
Video signal input	0.5 - 1.0V p-p
DDC signal input	5V p-p
Receiver	
HDMI output (19-pin female)	1 HDMI
Video output	HDMI V1.2a
CAT5e/6 cable length (max.)	100m for 480p and 60m for 1080p
Transmitter/Receiver	
Dimensions (L x W x H)	45mm x 25mm x 81mm
Weight	246g
IR Receiver	
Frequency range	< 40 KHz
IR reception range	± 6 meters
Connection	3.5 mm jack plug
Cable length	35cm
IR extender cable	
Connection	3.5 mm jack plug
IR LEDs	2x IR LED
Cable length	3 meters
Environment	
Ambient temperature	+0 to +70° C
Ambient humidity	10% to 85%
Power	
Input	100-240VAC @50-60Hz
Output	5VDC 2A

Set includes

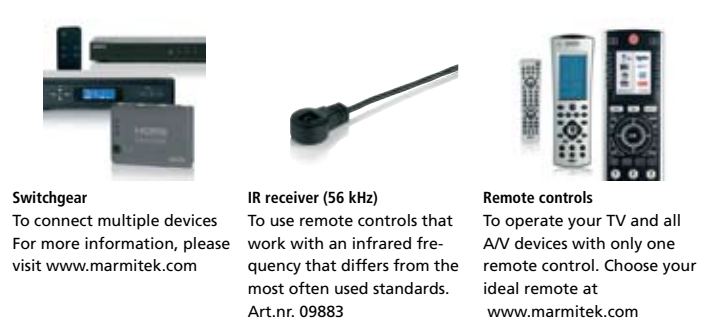

Why use a CAT5 cable for wired Audio/Video transmission?

The use of this cable has a number of striking advantages:

- little or no loss of quality;
- can be used over long distances;
- usable for both SD and HD Audio/Video signals;
- relatively cheap and widely available;
- you can place the plugs yourself what makes that:
 - every length can be realised,
 - the cable is easily guided through a PVC-pipe,
 - the holes that need to be drilled can be small;
- the cable is relatively thin and flexible so it can easily be concealed.
